PREFACE

As we approach graduation night, we pause to take one last look back. We feel sad because we must leave our friends and the good times, but we are ready to take on the responsibilities of the adult world.

Come, join us in our journey back through student life.

DEDICATION

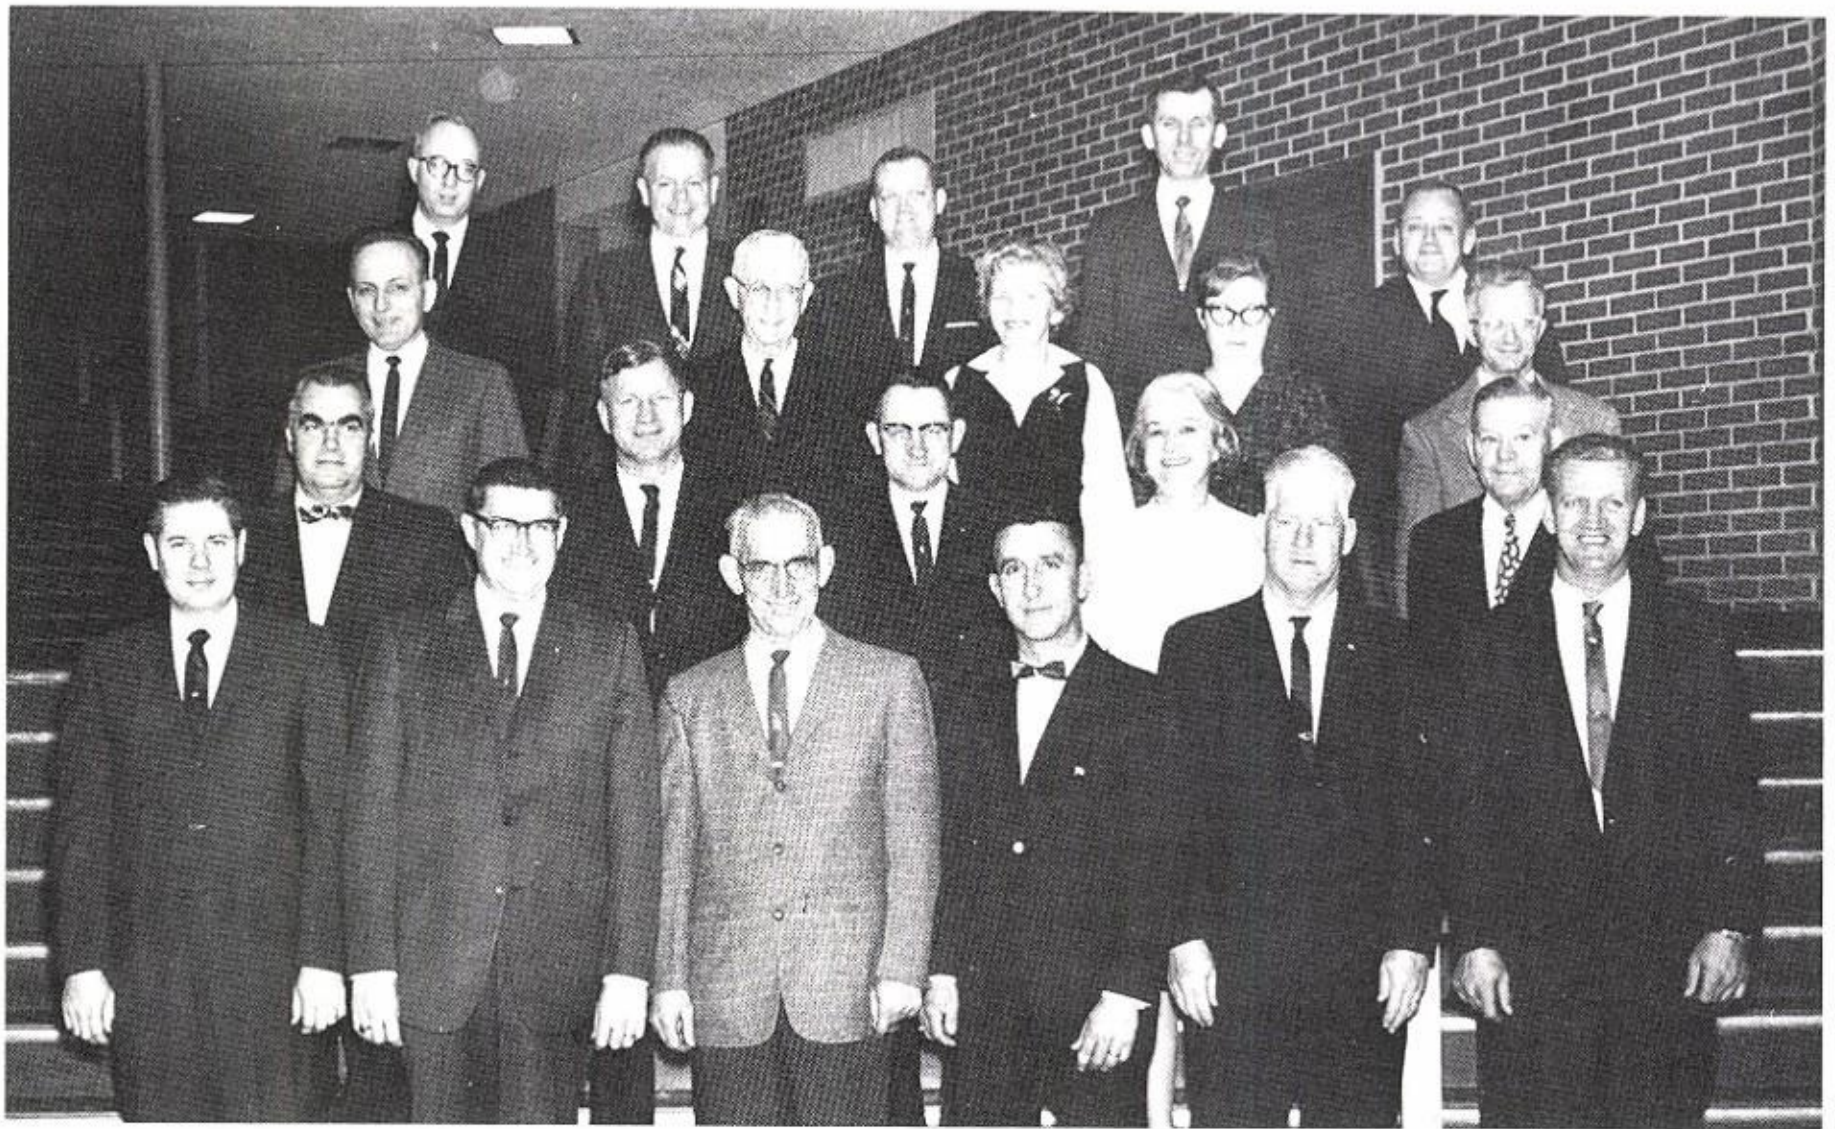

PINE GROVE HIGH SCHOOL

This will be the last issue of the
CARDINAL, the last graduating class,
and the last year for Pine Grove Area
Joint High School.

We have learned many things here and
have come to love the school as it is,
but time marches on and we must march
with it to better and greater things.

As a final tribute, we, the Class of
1966, dedicate this edition of the
CARDINAL to our school -- Pine Grove
Area Joint High School.

PINE GROVE AREA SCHOOL BOARD

FIRST ROW; Donald Brosius, Norman Rehner, Leroy Koch, Harold Lehman, Clair Hindman, Ledyard Thompson. SECOND ROW; Richard Adams, Homer Luckenbill, Jr., Thomas Schneck, June Prescott, Fred Deichert. THIRD ROW: Norman Beck, George Shollenberger, Mary Hardy, Sally Williams, Henry Snyder. FOURTH ROW: Atty. Richard Russell, Russell Frantz, Russell Morgan, Stewart Zerbe, Furman Haas.

ALMA MATER

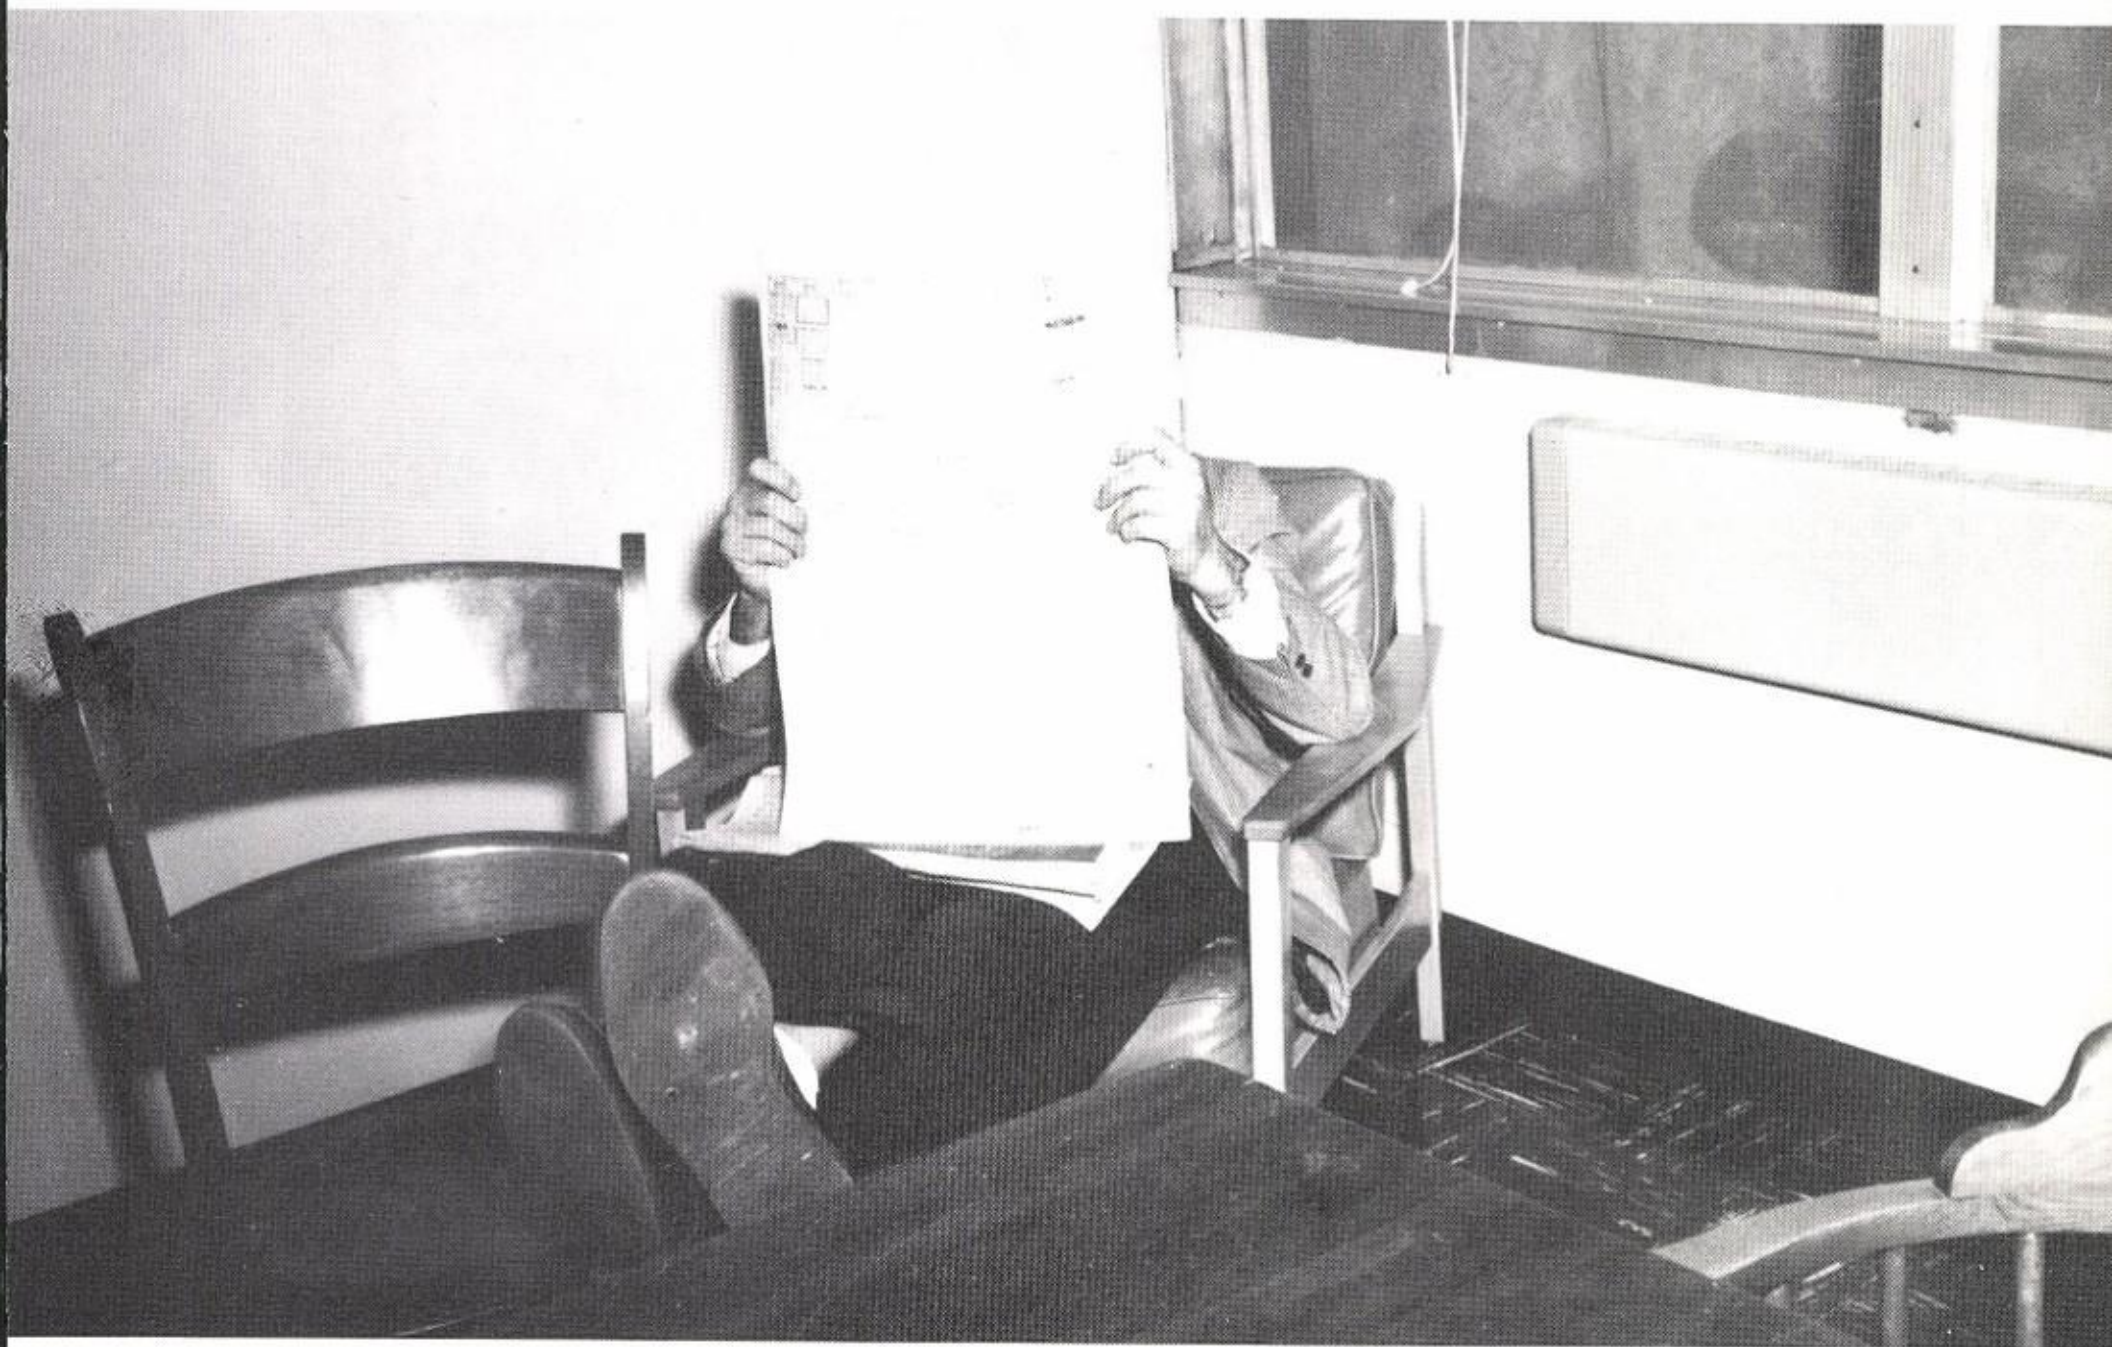

(Tune: "An Old American Song")

Nestled in among the mountains,
In a vale we love,
Lies a pleasant little village
Which is named Pine Grove.

She has taught us life's great lesson
And has taught them well;
We're prepared to fight life's battle
Then in peace to dwell.

CHORUS:
Here we all have gained our knowledge
In the school we love,
Now we hail our Alma Mater:
Hail! All hail Pine Grove.

If our lives have led us onward
To famed heights above,
Then can we with pride point backward
To our dear Pine Grove.

FACULTY

Mr. Marvin O. Werley, M. S. in Ed.
Supervising Principal

SUPERVISING PRINCIPAL

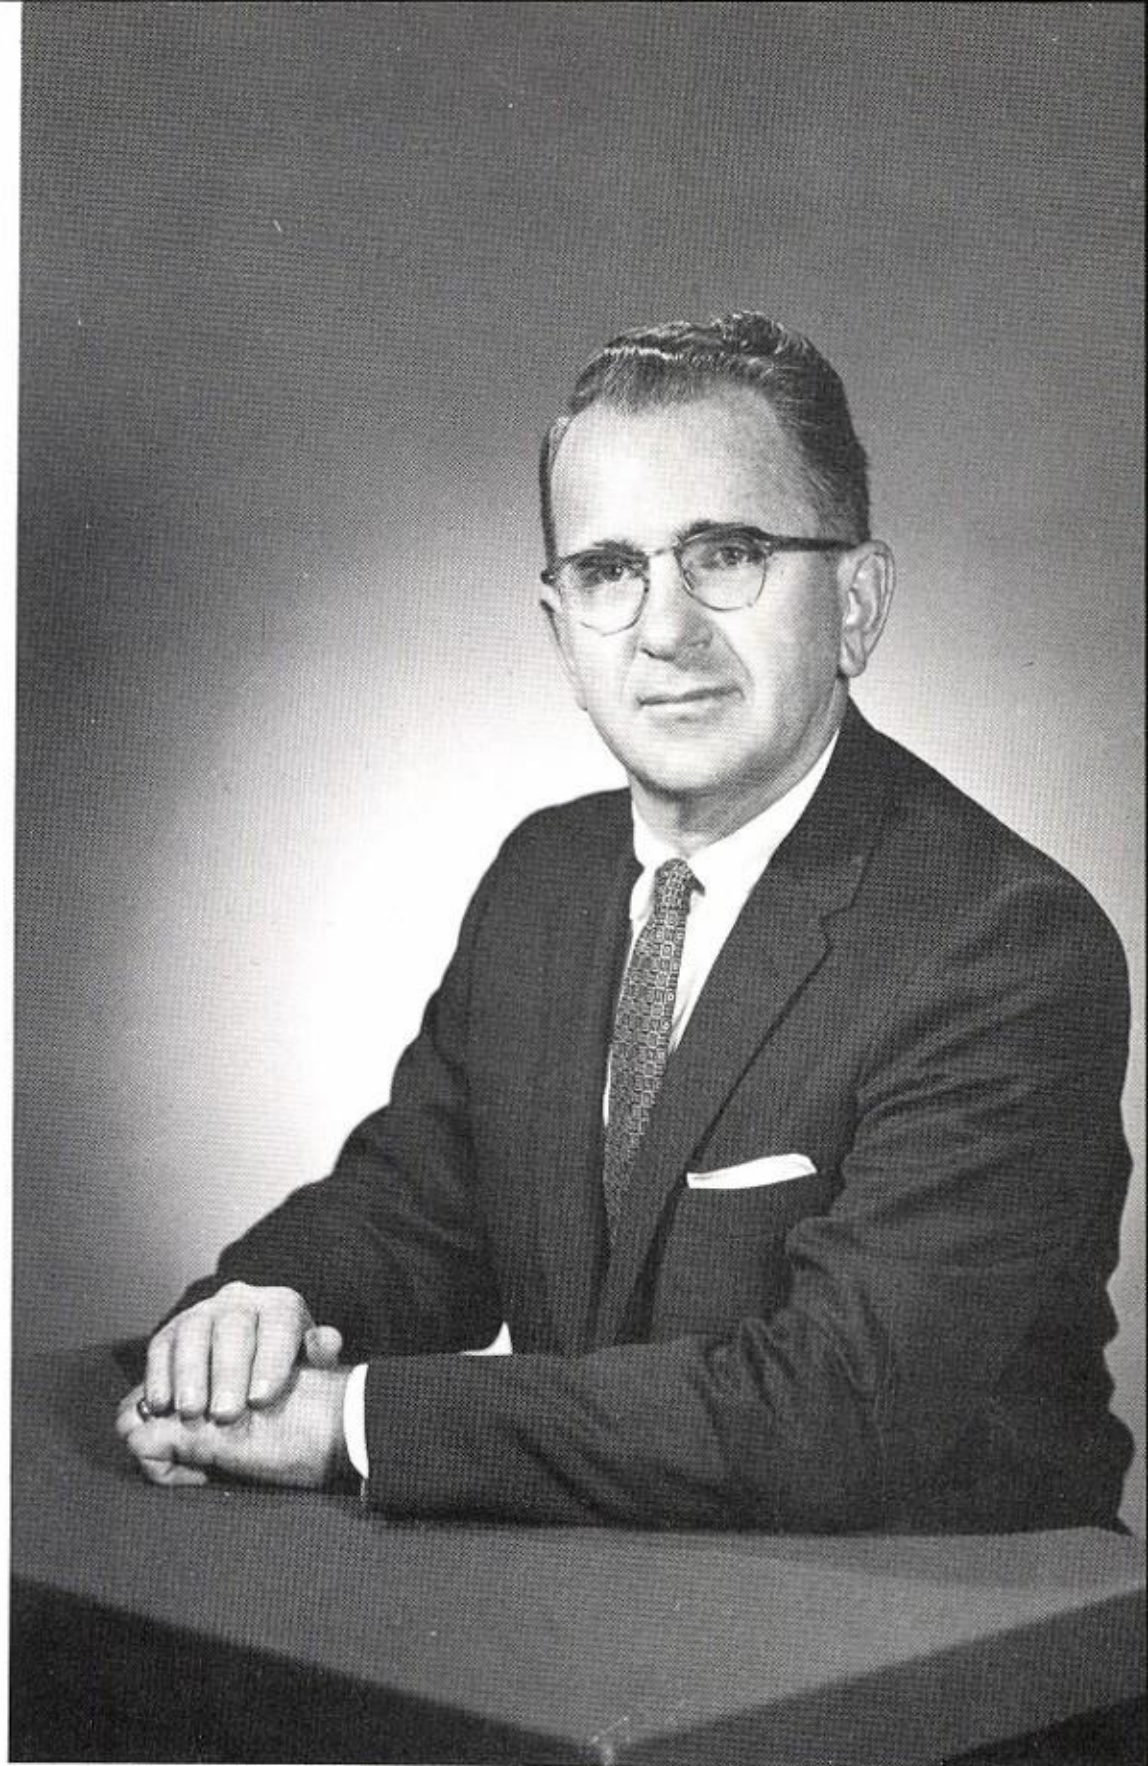

Mrs. Ethelyn Henninger
Secretary

Education becomes more necessary every day. I want to compliment you for the advancement you have made. However, you are now ready to launch into more training that is needed in the world of work. All walks of life need professional and technical skills. Just remember even in 1955 when this High School was built, the most laborers that were ever around in one day were three. Do not rest on your oars now -- build on the foundation we made possible for you in the Pine Grove High School.

HIGH SCHOOL PRINCIPAL

Mrs. Grace Brommer
High School Secretary

Mr. Frank R. Winsheimer, M. A.
High School Principal

I congratulate the Class of 1966 upon reaching an important milestone on life's highway. Graduation from your high school shows that you have made full use of the privilege of the American boy and girl, a public education for all through the twelfth grade. Your parents, your school, and your community have co-operated to make this achievement possible. As you pass this milestone, you leave behind many checks and restraints and assume new responsibilities. May the lessons you have learned at Pine Grove High School help you become healthy, happy successful American citizens.

CLASS SONG

FAREWELL PINE GROVE HIGH

TUNE: MOON RIVER

Dear classmates, tis time to say good-bye,
To years of happiness we sigh.
The world soon calls us,
As we look onward,
In hope that our knowledge will now be our guide.
Paths of tomorrow are with us everyday,
And now it's time to part they say.
But memories so dear,
We will hear.
Ringing in our ears.
Our joyous high school days,
As graduation is here.

To our teachers who taught us what we know,
Our thanks to them we'll always show.
Life's journey is beyond us,
We seek our own ambitions,
And strive for our fame and our fortune to grow.
We'll keep our Alma Mater
In our hearts to be our guide.
And look back at Pine Grove High with pride,
But words can't express
How we've spent twelve years of Happiness,
Which leads us to success --
We bid you FAREWELL.

Karen Sites & Pat Gibson

CLASS POEM

We sailed the sea of learning,
Now have reached the distant shore.
Through twelve years our ship kept turning,
But for us will sail no more.

With steadfast hope and hearts so brave,
We rode the stormy seas.
We've charted our course to firmly pave,
our future destinies.

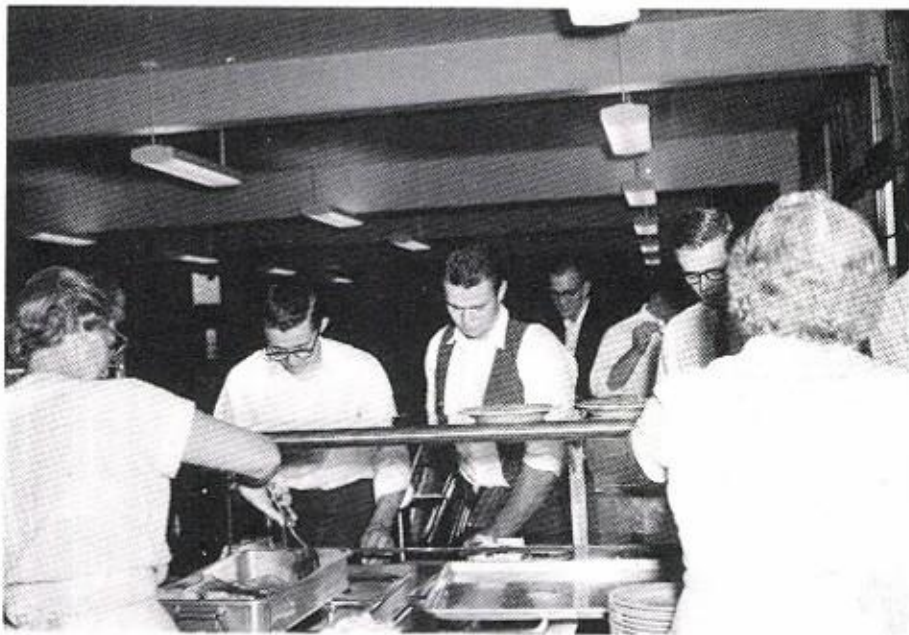

Our log contains the memories
we shared upon this trip.
With grateful hearts, farewell to thee
we leave this loving ship.

The time has come to say Good-bye,
our future enters in.
And leave our high school classroom,
we finish to begin.

Joyce Zimmerman

SENIOR LIFE

CLASS

We, the members of the Senior Class of Pine Grove Area Joint High School, Borough of Pine Grove, County of Schuylkill, State of Pennsylvania; being of sound and disposing mind, memory and understanding; do make, publish, and declare, this to be our last Will and Testament; hereby revoking all wills heretofore made by us; in the manner and form following:

JUNIOR PROM

July 23, 1986, at sea . . .

Brother! And I thought this was to be a quiet ocean cruise! Well, never was anyone more mistaken! It seems that the Class of '66 of Pine Grove Area High School has managed a chance meeting on this very ship -- and every last member is present. What a coincidence! And what a lot of celebrating -- I can't even get a decent night's sleep. Everyone is singing and dancing and marveling over what each has made of his life.

It seems that the class's prize feather in its hat is the fact that a member of the class, Lee Huber, has become President of the United States. It seems that he is going on a good-will tour to the Philippines with his personal secretary, Sally Feeman.

Eugene Umbenhauer, our ambassador to Russia, is vacationing after three years in the Soviet Union. Daniel Hawkins, the FBI agent, is here protecting the security of the President.

Two of the world's most famous women are Jill Weand and Janice Herring who were the first women to land on the fifth moon of Jupiter. There is also Stephen Schwartz who met fame when he landed on Neptune. But these are not the only members of the class in the space program. Two members, Richard Stager and Ronald Stupp, are a part of the newly organized space police. They serve as a type of moving stop-light. Robert Davies is on leave from his job as test pilot for the newly-built passenger space ship which reaches a top speed of eighteen thousand miles while in flight. Two other class members are Gerald Schwartz and Ronald Shollenberger who are working on the huge, colony-like moon stations. These send meteor shower signals to moon bases. The advances in space travel have enabled the United States to organize colonies on the moon and distant planets. Since some of these trips take rather long, Joyce Zimmerman has made it her job to decorate the interiors in a homey fashion. Jane Barr is working as a stewardess on interplanetary flights.

Darlene Miller has invented a portable landing strip to make soft landings on the moon possible.

Dennis Umbenhauer, the modern day Davy Crockett, is vacationing from his job as a moon farmer. Paul Wolfinger is taking a much needed rest from his job as a pony express rider on the moon. Judy Klinger is giving her feet a rest after serving as town crier. It was her job to warn the colonists to take cover during the meteor showers.

Gregory Achenbach seems to have a rather unique job modeling topless space suits.

The U.N. has expanded to include all countries of earth plus several Martian countries. Susan Evanchalk has undertaken the task of learning the language of Venus.

Paul Schaeffer, a demolition technician, removes old cities to make room for the modern cities planned and designed by John Rumpf and Faye Reinhart. Bruce Schneck is manufacturing polka dot paint to decorate these cities. Donna Brown, the housepainter, says these cities turn out quite beautiful.

Jeannine Yoder is kept busy designing clothing for the famous dressmaker, John Haldeman, to produce.

Deborah Huber has chosen to carry the gospel to distant planets while Russell Olt chose to preach in the new cathedral in Pine Grove.

It seems that since some animals, especially elephants and tse tse flies, are becoming rare, some class members have decided to see what they can do to save the species. Lola Lenge has started to raise the tse tse fly and Coralee Daubert has begun breeding miniature elephants.

Catherine Rumpf is busy making fur coats from the wild animals that are tracked down and shot by Judith Brown. Karen Sites is now the official dog catcher for the Washington Experimental Laboratories. Larry Anspach is the warden of the game reserves for Siberian huskies.

There are also many members of the class in the medical profession. Rodney Betz is a famous surgeon, specializing in big toe amputation. Glenn Boyer is a nurse in the army hospital corps. Lynne Nagle, the psychiatrist, has analyzed and solved many cases involving very complex mental disorders. Besides these, Sallie Bohr is a tree surgeon for the Department of Forests and Waters. Richard Hain is a lens grinder for the American Optical Glass Company.

Lois Butler, an auto saleswoman, is making out well selling cars to Walter Stump. He can't seem to remember he isn't always on the drag-strip. Mary Ellen Sattizahn is driving a bus for the New York transportation company.

Gary Stump earns his living digging graves for Wayne Stauffer who owns and operates the largest funeral parlor in Baltimore.

Mary Hardenstine is a Rear Admiral in the Waves, and Carol Kemmerling is a sergeant in the Wacs. Roy Nagle has risen through the ranks to be the world's first six-star general.

PROPHECY

Bernard Thompson, who perfected the submarine for use even at the ocean's greatest depths, is helping Nancy J. Zimmerman, the famous undersea explorer, to write up her latest reports. Delphine Mars operates a fleet of junks in the South China Sea.

Philip Correll is the owner of the world famous Correll Circus. His most popular acts are Louisa Ankenbrandt, the tight rope walker, and Norman Zimmerman, the lion tamer.

Nancy Anspach is a waitress at the Peppermint Lounge, where Gerald Lengle is serving as official bouncer.

For years Sharon Lengle has been trying to develop the everblooming plumb tree. Barry Kintzel, the chemical analyst, has been unable to find where she went wrong. Gary Pominville has been trying to raise apples under synthetic conditions.

Nancy Dubbs became the most famous weather girl after correctly predicting sixty-seven consecutive hurricanes. Sara Schwalm, meanwhile, has been predicting earthquakes.

Peggy Wargo spends most of her time picketing chewing gum plants since they have been forced to use synthetic ingredients because of a chicle shortage.

Since his debut as a hairdresser, Steven Warner has brought about a revolution in women's hairdos.

Terry Haas, the multi-millionaire, has decided to finance Gary Wolfe's project of irrigating the Sahara.

Warren Weiss, because of his great impersonation, has inherited Louis Armstrong's trumpet. He has made a fortune just by letting people touch it. Red Skelton hired Tory Ditzler to take his place in "The Silent Spot." Ronald Schneck is a talent scout for Robert Schnoke's TV program, which is something like the Ted Mack Show was when I was young. John Levan is the director of the Philadelphia Philharmonic Orchestra. Eva Reed plays the tuba in the orchestra and James Daubert gives piano recitals during intermission. Mary Gilbert is resting her voice after singing "The Barber of Seville" at the Metropolitan Opera House.

LaVerne Lengel has begun to manufacture bowling balls for the world champion, Sandra Fox. Sandra Schneck is getting some of the kinks out of her neck after coaching the Globetrotters for ten years. Ina Herring is resting after her eighth successful season as coach of the Green Bay Packers. Ronald Kramer has just become the world's heavyweight boxing champ.

A new school district including all of Schuylkill County has been organized. In this school Howard Hummel is teaching chemistry, Sandra Kutz is teaching health and Joan Wolfe is the head of the history department. Leona Bowen is the head guidance counselor and the librarian is Nancy Schaeffer.

Darlene Brown, the literary critic, has been praising Richard Zerbe's essays for some years now.

Nancy M. Zimmerman is a ski instructor at a mountain resort. Erma Lutz has begun to package snow for space colonists to take along as a remembrance.

Ronald Brown has become quite famous since he made his debut as a movie actor.

Michele Bonawitz is the head cook at the Waldorf, her specialty being crepe suzettes. Beverly Forry, the butcher, sees that Michele gets only the choice cuts of meat. She also sends meat to the Acme Stores which are owned and operated by Gail Kimmel.

Oriana Keefer runs a shop that overhauls toys with gasoline engines. Mae Kutz runs a huge newspaper in which Diane Krammes has her much quoted Lonley Hearts column.

Sandra Krause will always be remembered for her marvelous ballet artistry in "Swan Lane."

Barbara Lehr is the owner of a huge mink farm.

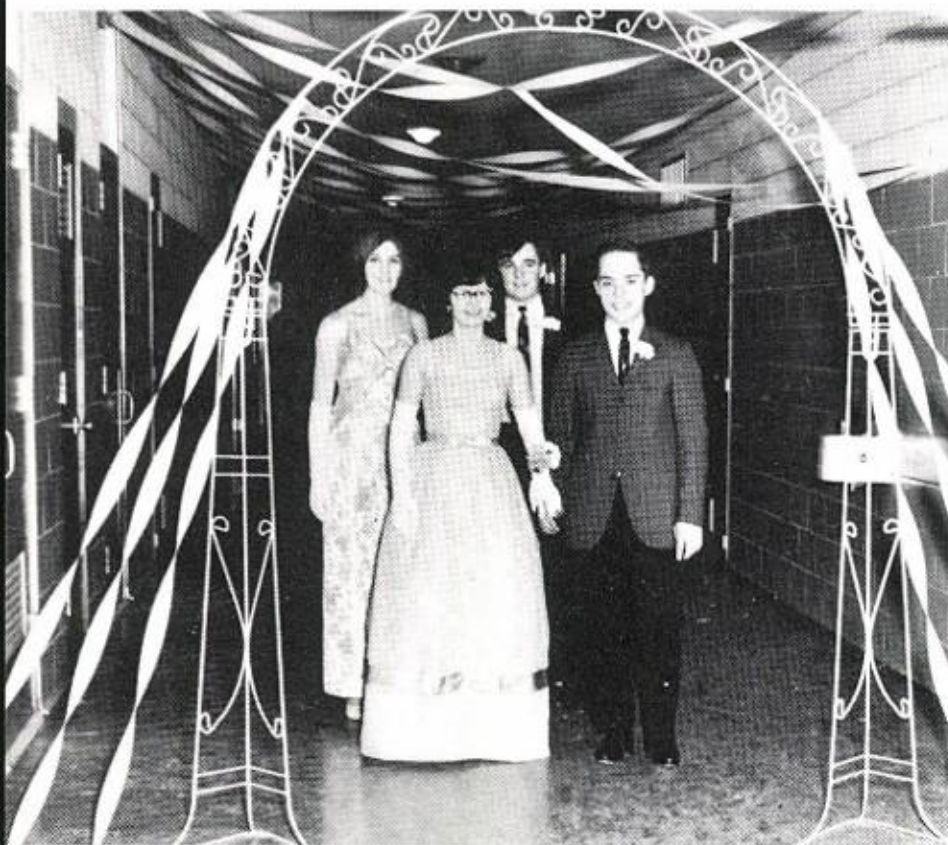

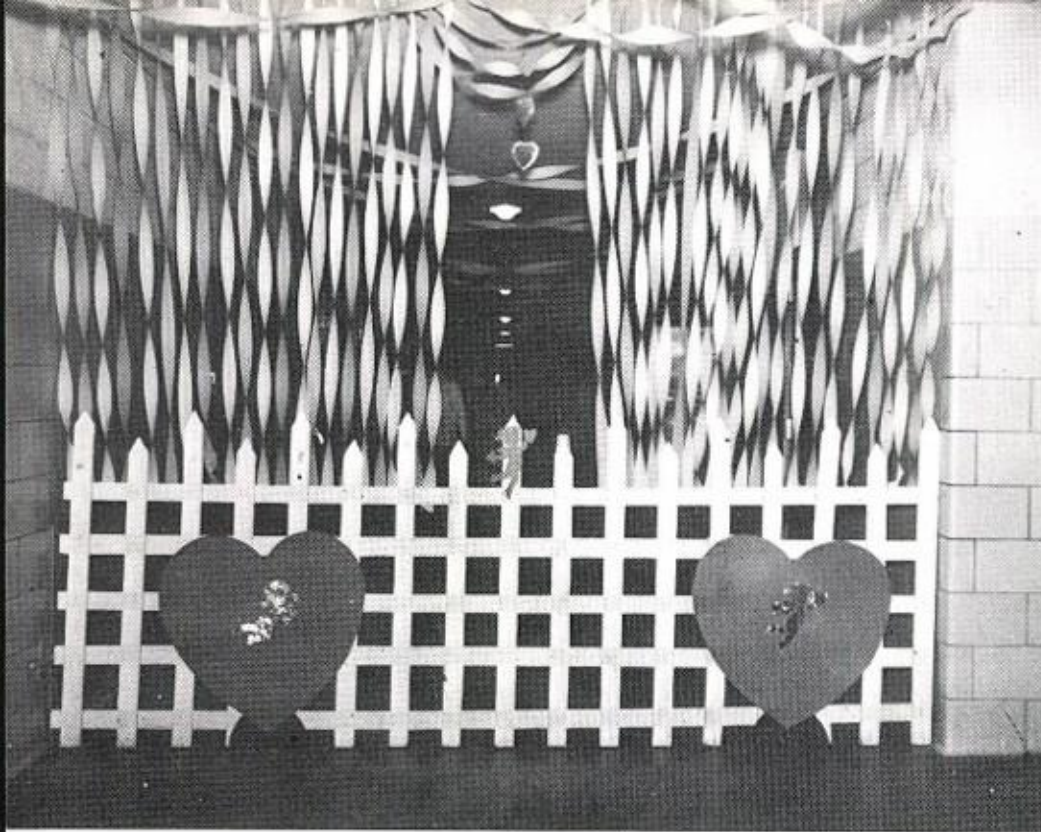

Deanna Luckenbill is the floor manager in a black licorice plant.

Diamonds that have been cut by Patricia Gibson are almost priceless.

Helen Heinbach and Linda Hoover are famous wandering folk singers. Three of their records have sold over three million copies.

And last but not least, David Fisher has become the most popular playboy in the whole world.

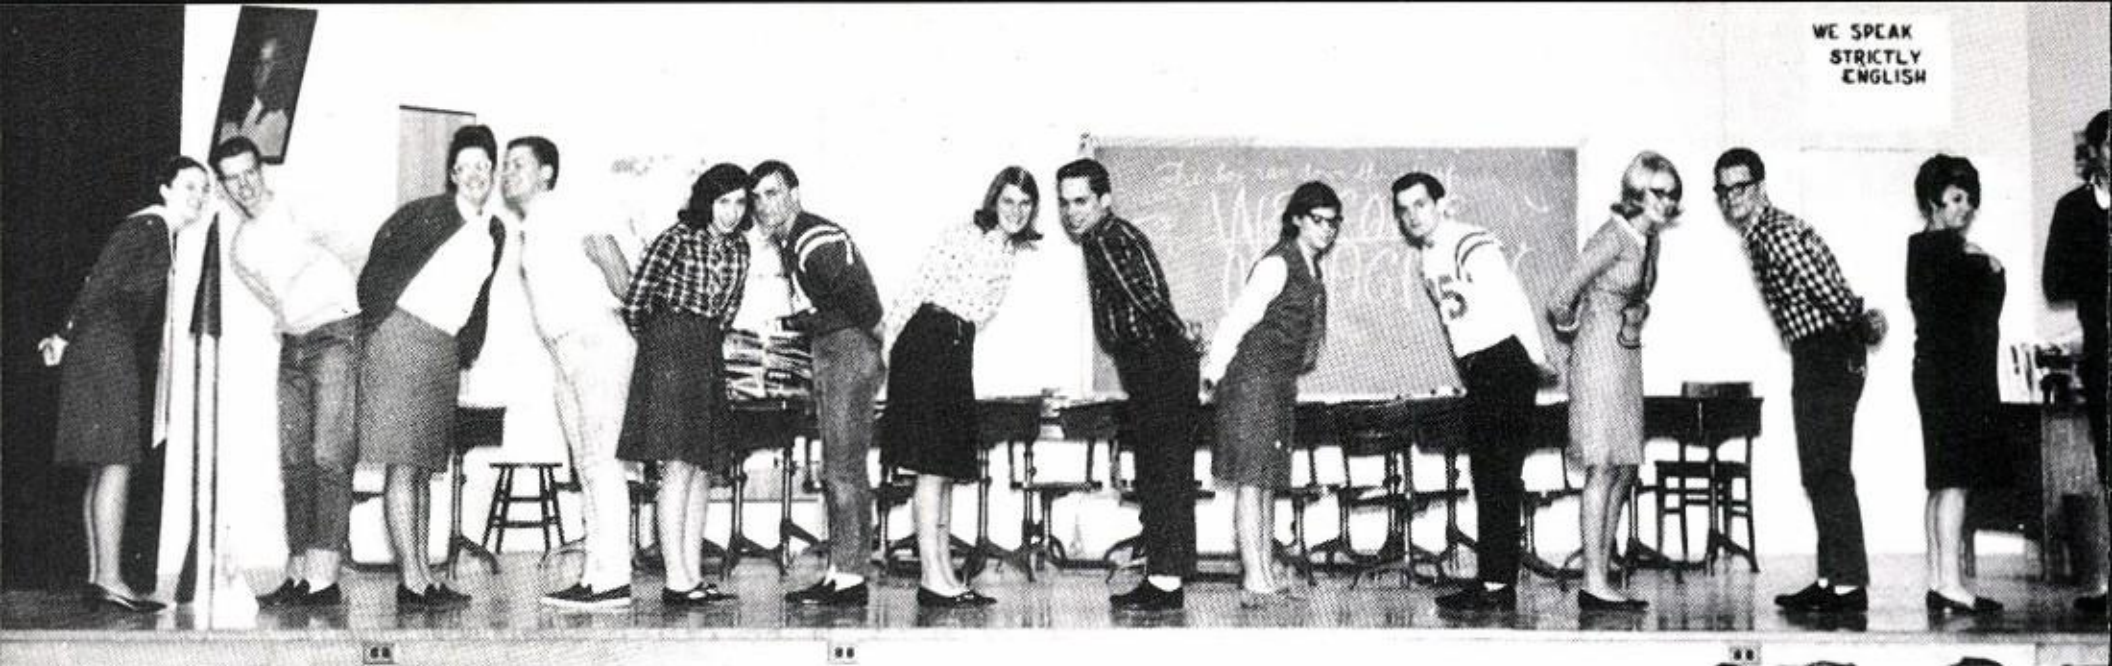

Hmmm, now that I look over that list, I guess they have reason for rejoicing.

SENIOR BALL

A ROCKET IN HIS POCKET

To Blue RimRock, a small town 'way out West, comes Oswald Agnew, a mild mannered young graduate of Hackensack Teachers College in Hoboken. It's his first assignment, and he's understandably astounded to find that he is to be the first MALE teacher at RimRock High School in ten years! His first major problem is the principal, Miss Matchett, who surprisingly enough is also the football coach. Spaceman, an outerspace enthusiast student, sets his

sights on slithery Lulu Grumbine, a man-hungry senior. Of course there are always those class "steadies", Harry Cooper, Janis Brown, Judy Mills, and Arlin Abbott. There is also the prim, grim Miss Chisle, who is in "solid" with Miss Matchett and heartily disapproves of Mr. Agnew's "approach to grammar" until a student's strategy, changes her opinion of men, especially Mr. Agnew.

IN MEMORIAM

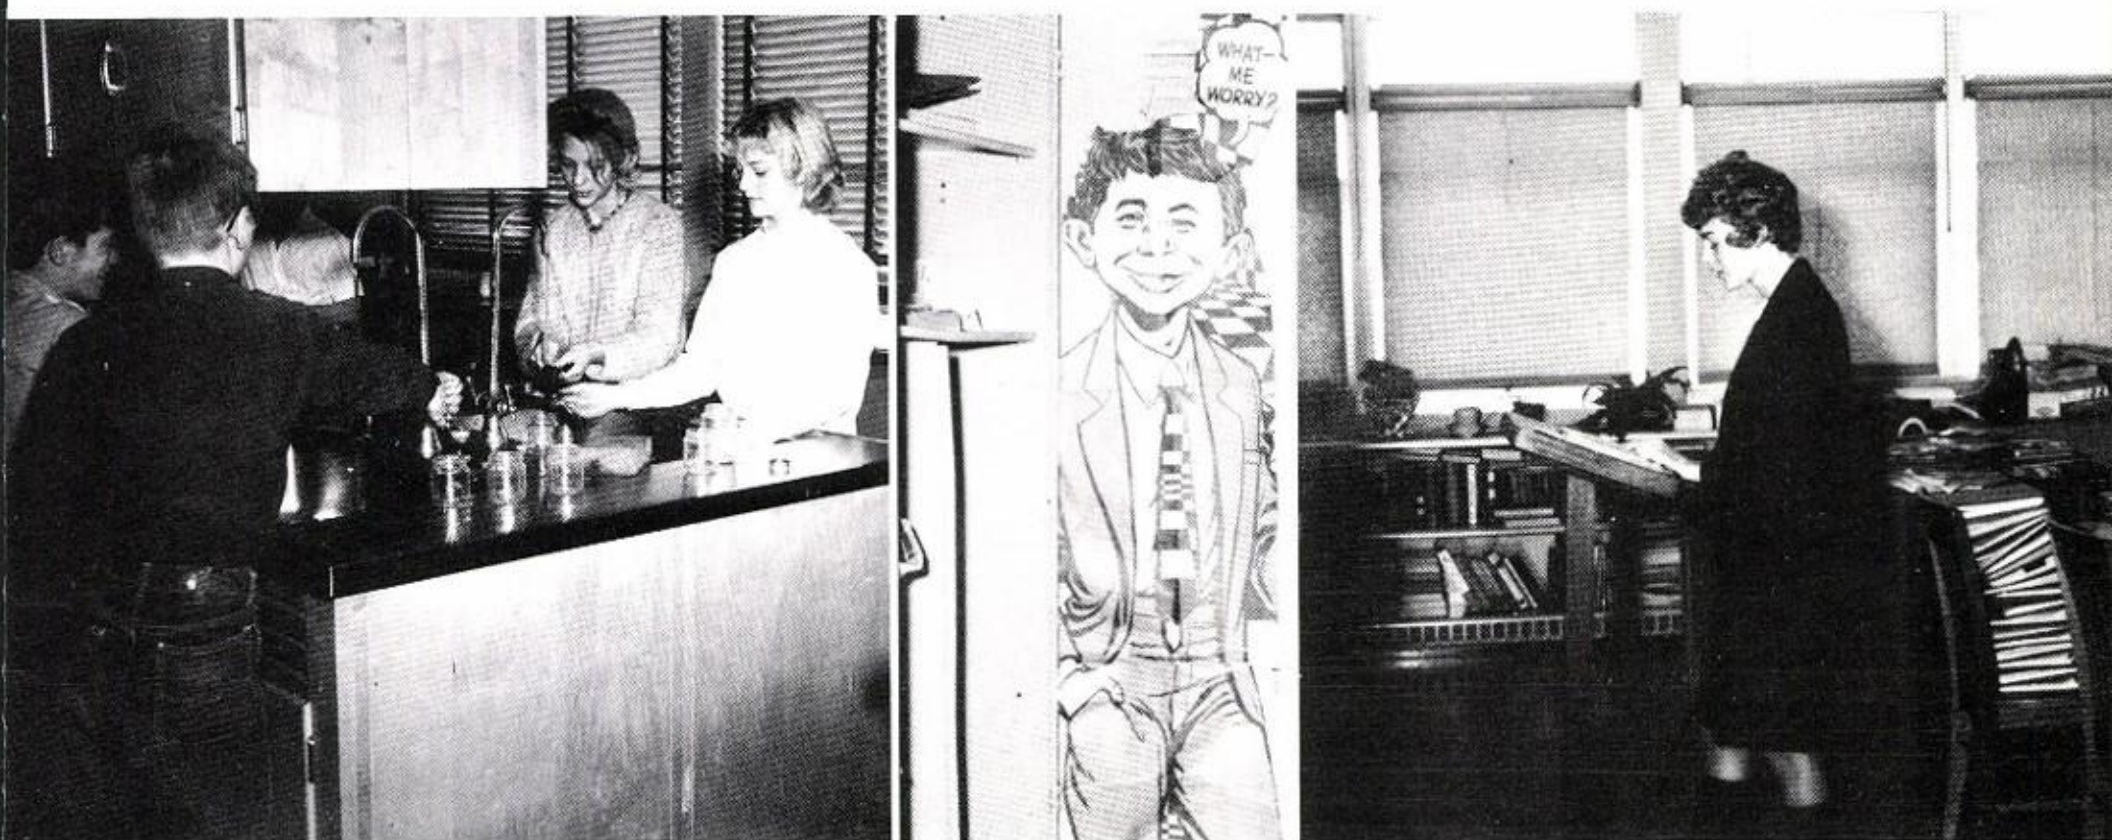

Margaret Evans Koshinski

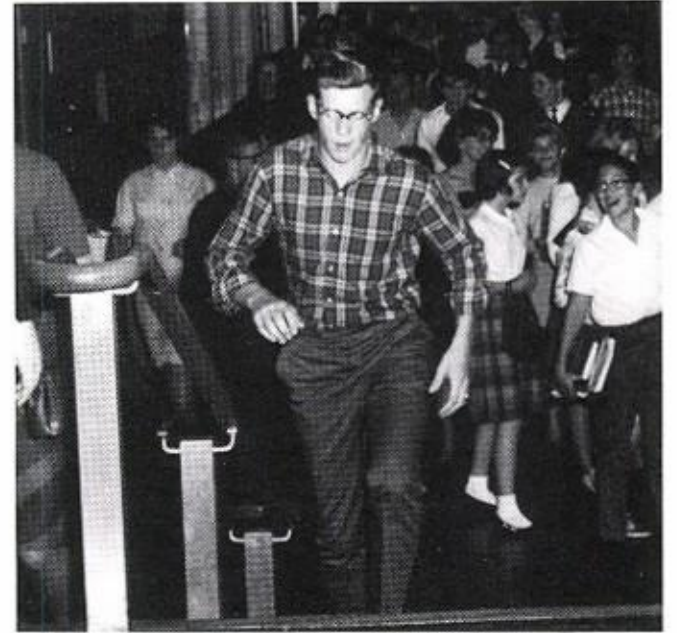

It is an empty feeling which a person experiences when someone with whom he has worked suddenly passes away. Such a feeling gripped the teachers and students of Pine Grove Area High School when they learned of the death of Mrs. Margaret Koshinski at her home in Shickshinny on January 30, 1966.

Although Mrs. Koshinski was at Pine Grove for only one semester, she left our school with many things by which she will be remembered. Having taught in the Newark, New Jersey, schools for more than thirty years, she added an experienced touch to her teaching duties here. She also played a role in the revival of our high school's Dramatics Club. In addition to her academic accomplishments, Mrs. Koshinski will long be remembered for her warm smile -- a smile which could penetrate even the coldest dispositions.

It is therefore with sincere regret at the loss of such a fine person that the CARDINAL staff dedicates this page to the memory of Mrs. Margaret Koshinski.

Our photographer Tom Price of Harpel's Studios, Lebanon, would go anywhere to get a good shot for the 1966 edition of the CARDINAL.

We wish to express our appreciation and acknowledge the following:

Harpel's Studio, Lebanon, Pennsylvania, for the many photographs portraying school life and especially for the four color photo of the Class of 1966.

Baldwin Studios, Pottsville, Pennsylvania for the photographs of the royal courts at the Junior Prom and Senior Ball.

The administration and faculty for their fine cooperation in helping to make this edition of the CARDINAL a huge success.

The many patrons, and patronesses and finally the advertisers which are listed in the closing pages of this annual.
